Case Study

Milltimber Primary School

Milltimber, Aberdeen City

Main Contractor: Robertsons

Project Description:

Formation of a new Primary School in Milltimber for Aberdeen City Council. DSC awarded groundworks subcontract package containing all earthworks, substructure, concrete floors and final hard landscaping.

Key Works:

8,000 M3 of imported material in order to meet capping layer requirements.

Forming foundations which are integral with the GF slab.

Acceleration of MUGA pitch formation in order to assist clients site set up requirements due to lack of space on site.

Project Challenges:

Poor ground conditions. Installation of capping layer instructed to be undertaken whilst trying to maintain programme.

Management of ground water from neighbouring land over the winter period.
