## Civil & Demolition Contractors

### Case Study

#### Scottish Fire & Rescue Training Centre

Portlethen, Aberdeenshire

Main Contractor: Robertsons

#### Project Description:

Formation of a new training facility for the Scottish Fire & Rescue Service within their existing training yard in Portlethen. DSC awarded groundworks subcontract package containing the earthworks, substructure, drainage, floor slabs, services and external slabs.

#### Project Challenges:

Contaminated ground exposed beneath one of the new building locations.

Working alongside existing services and within rock across the site.

#### Key Works:

Installation of foundations and floor slabs to new training buildings.

Installation of mainline drainage and services.

Excavate and regrade existing yard to meet new development requirements.
